

BELLE ISLE
Soul of the City

LIGHTING THE WAY
FOR BETTER URBAN LIVING

Announcing ...

An exhibit about Detroit's uniquely beautiful island park
July 18 to October 11, 2009

Detroit Historical Museum, 5401 Woodward (313) 833-7935

Opening Night, July 17 at 6 pm (\$40 per person)

The park, beloved by so many generations of Detroiters, can help us to imagine a city that stewards its environment and offers opportunities for all. Belle Isle is a key to Detroit's health, as well as a laboratory for it, so its preservation is critical.

Learn about the park's rich cultural heritage, diverse ecological systems, and community-building activities. Contact the Friends of Belle Isle at 313-331-7760, or www.fobi.org, for opening night tickets or for info about the activities planned for this summer.
